BANKERS

From The Desk

Dear Shareholders,

Let me begin by wishing all of you good health and safety in these challenging times of COVID-19, series of waves of Covid. That has affected us all in some way or the other and many of us lost our loved ones in the unprecedented time.

The world we live in is changing at a rapid pace. The last two years were shock for humanity, wherein we had to deal with multiple catastrophes and at the same time we saw how we all together can help and work together to help humanity survive and thrive.

The challenge that lies ahead of us is to limit the rise of the global temperature below 1.5 degrees Celsius which can be achieved by rapid Decarbonization by 2030.

The establishment of Nupur Recyclers Limited was with the notion that mining of virgin metals for different products requires huge amount of energy & creates environmental pollution. Recycling of Metal scrap will reduce the load on our natural resources for metals, abating environmental Pollution, help in reducing the GHG foot print & achieve circular economy in metal Industry.

At NRL, we always emphasize the usage of clean fuels, efficient use of natural resources and minimizing environmental impact from our operations as we do not have any other planet 'B'. With this belief, we are working towards creating a sustainable society of co-existence wherein we learn to co- exist with Mother Nature and create a better future together.

As business entity, we believe in giving back to the society and are working towards creating a sustainable future and quality living.

In the last one year, your company has witnessed gross revenue growth of 55.44% to 16,317.29 Lakhs in FY 2022 as compared to 10,497.23 Lakhs in FY 2021 and net profit after tax growth of 88.63% to 1,887.19 Lakhs in FY 2022 as compared to 1,000.49 Lakhs in FY 2021.

MAJOR MILESTONES:

Listing of Securities on Stock Exchange:

The Company launched IPO in the December 2021 and is now listed on Emerge platform of National Stock Exchange of India Limited (NSE). The response to the IPO was very overwhelming. Even in the tough situation of Russia-Ukraine war, Investors and Market shown its trust on the Nupur Recyclers, where our issued was over subscribed by more than 44 times. We are very thankful for the support and guidance provided by the Merchant Bankers, Consultants, Bankers and NSE Representatives. This successful IPO is one of the Biggest Achievement in the lifetime of the Company.

The SME listing has added more responsibility over the shoulders of Management for fulfilling expectations of investors and other stakeholders. With this listing, The Board of the Company has now expanded, independent Board provides timely valuable suggestions in view of company's growth and business. As listed company, Nupur Recyclers adheres to maintain Corporate Governance with compliance with norms of Securities and Exchange Board of India (SEBI) and National Stock Exchange of India Limited (NSE).

Our Mission

Our mission is to deploy sustainable technology to process raw material that reduces carbon footprints to lower than the legally and socially acceptable limits. Aatmanirbhar or being self-sufficient is a clarion call from the Hon'ble Prime Minister. To become Aatmanirbhar in the true sense, we need to enhance our recycling capacity. We at NRL are committed to the same by enhancing our recycling capacity through adopting technology and digitalisation, strengthening people-practices, increasing the supplier and customer bases.

Thank you for your trust and confidence in us – we hope to remain worthy of it.

Rajesh Gupta

7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

1. The voting period begins from 9.00 A.M. (IST) 24th September, 2022 and ends on 5.00 P.M. (IST) 26th September, 2022. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 20th September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
2. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue
3. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/ NSDL e-voting system in case of individual shareholders holding shares in demat mode.

4. In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat

Account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for E-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 (“THE ACT”) AND THE SECRETARIAL STANDARDS ON GENERAL MEETINGS (“SS-2”) ISSUED BY THE INSTITUTE OF COMPANY SECRETARIES OF INDIA (“SECRETARIAL STANDARDS”).

ITEM NO. 3

Statement pursuant to requirements of Regulation 36(5) of SEBI (LODR Regulations, 2013

The former auditor of the Company, namely M/s P. Sahni & Associates, Chartered Accountants (FRN: 015369N) was to hold the office of the statutory auditor of the Company until the conclusion of the 06th AGM to be convened in financial year 2024.

As per schedule VI of SEBI (Issue of Capital and Disclosure Requirements) Regulations 2018 and Regulation 33(d) of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 financial statements of a listed company should be audited and certified by the statutory auditor who holds a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India (ICAI), and the former statutory auditors attained ineligibility to carry on its appointment as Statutory Auditors of the Company due to the requirement of peer review certificate and tendered their resignation on 08th November 2021.

Thereafter, M/s KRA & Co. (having FRN: 020266N) (“KRA”) has been appointed as the Statutory Auditors of the Company on 10th November, 2021 to fill the casual vacancy caused in the office of Statutory Auditors and to hold the office upto the date of his Annual General Meeting. The members of the Company in their Extraordinary General Meeting convened on 10th November 2021 also ratified the appointment to fill the casual vacancy in terms of the provisions of Section 139 of the Companies Act, 2013.

The Audit Committee in its meeting dated 31st August 2022 evaluated the proposal for reappointment of KRA as Statutory Auditors. The Audit Committee considered various parameters like the capability of KRA to serve a diverse and complex business landscape as that of the Company, audit experience in the Company’s operating segments, market standing of the firm, clientele served, technical knowledge etc. KRA has also affirmed and confirmed that they meet the independence and eligibility criteria as required under applicable law rules and regulations. The Audit Committee found KRA to be best suited to handle the scale, diversity and complexity associated with the audit of the financial statements of the Company. Therefore, considering the evaluation of the past performance, experience and expertise of KRA, the Audit Committee of the Company recommended the proposal to re-appoint KRA as Statutory Auditors of the Company.

Based on the recommendation of the Audit Committee subject to the approval of shareholders, the Board of Directors of the Company have approved the reappointment of M/s KRA & Co., Chartered Accountants as the Statutory Auditors for further period of five (5) consecutive financial years starting 01st April 2022.

On the recommendation of the Audit Committee, the proposed remuneration to be paid to KRA for Audit and limited review services for the financial year ending 31st March, 2023, is ₹ 2,00,000 plus GST at applicable rate.

Besides the Audit services, the Company would also obtain certifications from the Statutory Auditors under various statutory regulations and certifications required by clients, banks, statutory authorities, audit related services and other permissible non-audit services as required from time to time, for which they will be remunerated separately on mutually agreed terms, as approved by the Board of Directors in consultation with the Audit Committee. The proposed fee above shall exclude certification fees, fee for any other services, applicable taxes, reimbursements and other outlays.

KRA have given their consent to act as the Auditors of the Company and have confirmed that the said appointment, if made, will be in accordance with the conditions prescribed under Sections 139 and 141 of the Companies Act 2013 and other applicable rules and regulations.

The Board of Directors recommends the passing of the Resolution contained in this Item no. 3 of the accompanying Notice as an Ordinary Resolution.

None of the Directors and Key Managerial Personnel of the Company, or their relatives, is interested in this Resolution. The Board recommends this resolution for the approval of shareholders as Ordinary resolution.

ITEM NO 7

In terms of the Companies (Cost Accounting Records) Rules, 2011('Rules') and general circular dated 25th May 2011 issued by the Ministry of Corporate Affairs (MCA), Section 148(2) of the Companies Act, 2013 (effective from 1st April 2013) provides that if the Central Government is of the opinion that it is necessary to do so, it may, by order, direct that the audit of cost records of the class of companies, which are covered under sub-section (1) and which have a net worth or turnover of such amount as may be prescribed, shall be conducted in the matter specified in the order.

Since incorporation and upto Financial Year 2021-22, maintenance of Cost Records was not applicable on the Company since it did not exceed the turnover threshold prescribed under the Rules as mentioned above, However, as per the audited financial statements of the Company for the financial year ended March 31st, 2022 the Company is required to mandatorily maintain Cost records and carry out the Audit of such records for manufacturing activities from Financial Year 2022-23 onwards.

Accordingly, based on the recommendation of the Audit Committee, the Board at its meeting held on 31st August 2022 has considered and approved the appointment of M/s Ravi Sahni & Co. as the cost auditor for the financial year 2022-2023 at Remuneration of INR 50,000/- (Rupees Fifty Thousand only) per annum plus applicable tax subject to applicability of the Rules specified above.

Section 148(3) of the Companies Act, 2013 read with Rule 14 of Companies (Audit and Auditors) Rules, 2014, prescribes that the remuneration payable to the Cost Auditors has to be approved by the Board of Directors, based on the recommendation of the Audit Committee, and further it is to be ratified by the Shareholders.

Hence, the Board recommends this resolution for approval of members.

None of the Directors and Key Managerial Personnel of the Company and their relatives (to the extent of their shareholding in the Company, if any) is in any way concerned or interested, financial or otherwise, in any of the resolutions of special business items.

ITEM NO. 8

The members of the Company are hereby apprised that in order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other body corporate as and when required.

Members may note that pursuant to Section 186 of the Companies Act, 2013 (“Act”), the Company can give loan or give any guarantee or provide security in connection with a loan to any other body corporate or person and acquire securities of any other body corporate, in excess of 60% of its paid up share capital, free reserves and securities premium account or 100% of its free reserves and securities premium account, whichever is more, with approval of Members by special resolution passed at the general meeting.

In view of the aforesaid, it is proposed to take approval under Section 186 of the Companies Act, 2013, by way of special resolution, up to a limit of Rs. 100 Crores (Rupees One Hundred Crores Only) over and above the limit prescribed under Section 186 of the Companies Act, 2013. The above proposal is in the interest of the Company and the Board recommends the Resolution as set out at Item No. 8 for approval by the members of the Company.

None of the Directors or Key Managerial Personnel or their relatives (to the extent of their shareholding in the Company, if any) are in any way concerned with or interested, financially or otherwise in the resolution at Item no. 8 of the accompanying notice.

ANNEXURE-1 MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Global Economy Outlook

Following more than two years of pandemic, spillovers from the Russian Federation’s invasion of Ukraine are set to sharply hasten the deceleration of global economic activity, which is now expected to slow to 2.9 percent in 2022. The war in Ukraine is leading to high commodity prices, adding to supply disruptions, increasing food insecurity and poverty, exacerbating inflation, contributing to tighter financial conditions, magnifying financial vulnerability, and heightening policy uncertainty. Growth in emerging market and developing economies (EMDEs) this year has been downgraded to 3.4 percent, as negative spillovers from the invasion of Ukraine more than offset any near-term boost to some commodity exporters from higher energy prices. Despite the negative shock to global activity in 2022, there is essentially no rebound projected next year: global growth is forecast to edge up only slightly to a still-subdued 3 percent in 2023, as many headwinds—in particular, high commodity prices and continued monetary tightening—are expected to persist.

The global community needs to ramp up efforts to mitigate humanitarian crises caused by the war in Ukraine and conflict elsewhere and alleviate food insecurity, as well as expand vaccine access to ensure a durable end of the pandemic. With rising inflation, tightening financial conditions, and elevated debt levels sharply limiting policy space, spending can be reprioritized toward targeted relief for vulnerable households. Over the long run, policies will be required to reverse the damage inflicted by the dual shocks of the pandemic and the war on growth prospects, including preventing fragmentation in trade networks, improving education, and raising labor force participation.

Goods trade slowed in the first half of 2022 as supply chains continued to be affected by the lingering effects of the pandemic, including disruptions in major Asian ports and lockdowns in key cities in China. In addition, Russia’s invasion of Ukraine and its repercussions have led to severe physical and logistical dislocations that have magnified pre-existing.

Russia and Ukraine account for a small share—under 3 percent—of global exports. However, many global industries rely on supplies of key commodities produced in the two countries, especially in Russia. Shortages and unprecedented increases in the prices of these inputs have rippled through global value chains (GVCs), leading to production standstills and elevated producer prices. At the same time, transport costs have increased, including in the wake of the war in Ukraine. Navigation and trade in the Black Sea have been materially disrupted, negatively affecting the transport of food and crude oil. Cargos and shipments held at Russian and Ukrainian ports have been rerouted through longer and more expensive routes.

Global trade growth is anticipated to slow to 4 percent in 2022 as the war in Ukraine further disrupts global value chains, global activity gradually shifts back toward the less trade-intensive

services sector, and international mobility moves toward pre-pandemic levels only gradually. This is a substantial downward revision relative to previous forecasts, largely because of higher transport costs and significant global value chain disruptions associated with the war (fig). Global trade growth is expected to moderate to an average of 4.1 percent in 2023-24 as global demand for tradable goods continues to decelerate.

Note: Trade measured as the average of export and import volumes. January 2022 forecasts are from the January 2022 edition of Global Economic Prospects report.

For emerging market economies (EMEs), these risks are magnified as they have to contend with both domestic growth-inflation trade-offs and spillovers from the most synchronised tightening of monetary policy worldwide. EMEs are facing a rapid tightening of external financial conditions, capital outflows, currency depreciations and reserve losses simultaneously. Some of them are also facing mounting burdens of debt and default. Elevated food and energy prices and shortages are rendering their populations vulnerable to insecurity of livelihood.

World Economic Outlook. Lower growth earlier this year from 6.1 percent last year to 3.2 percent in 2022, reduced household purchasing power, and tighter monetary policy drove a downward revision of 1.4 percentage points in the United States. In China, further lockdowns and the deepening real estate crisis have led growth to be revised down by 1.1 percentage points, with major global spillovers. And in Europe, significant downgrades reflect spillovers from the war in Ukraine and tighter monetary policy. Global inflation has been revised up due to food and energy prices as well as lingering supply-demand imbalances, and is anticipated to reach 6.6 percent in advanced economies and 9.5 percent in emerging market and developing economies this year—upward revisions of 0.9 and 0.8 percentage point, respectively. In 2023, disinflationary monetary policy is expected to bite, with global output growing by just 2.9 percent.

Indian Economy

The Indian economy has naturally been impacted by the global economic situation. We have been grappling with the problem of high inflation. Financial markets have remained uneasy despite intermittent corrections. We have witnessed large portfolio outflows to the tune of US\$ 13.3 billion during the current financial year so far (up to August 3). Nevertheless, with strong and resilient fundamentals, India is expected to be amongst the fastest growing economies during 2022-23 according to the IMF, with signs of inflation moderating over the course of the year. Export of goods and services together with remittances are expected to keep the current account deficit within sustainable limits. The decline in external debt to GDP ratio, net international investment position to GDP ratio and debt service ratio during 2021-22 impart resilience against external shocks. The financial sector is well capitalised and sound. India's foreign exchange reserves, supplemented by net forward assets, provide insurance against global spillovers. Our umbrella remains strong.

Future capital spending of the government in the Indian economy is expected to be supported by factors such as tax buoyancy, streamlined tax system, thorough assessment and rationalisation of the tariff structure and digitisation of tax filing. In the medium term, an increase in capital spending on infrastructure and asset-building projects is set to increase growth multipliers. Furthermore, revival in monsoon and Kharif sowing helped the agriculture sector gain momentum. As of July 11, 2022, the South-West monsoon has covered the entire country, resulting in 7% higher rainfall than the normal level.

For five months in a row now, the monthly GST revenues have been more than ₹ 1.4 lakh core, showing a steady increase every month. The growth in GST revenue till July 2022 over the same period last year is 35% and displays a very high buoyancy. This is a clear impact of various measures taken by the Council in the past to ensure better compliance. Better reporting coupled with economic recovery has been having positive impact on the GST revenues on a consistent basis. During the month of June 2022, 7.45 crore e-way bills were generated, which was marginally higher than 7.36 crore in May 2022.

The chart below shows trends in monthly gross GST revenues during the current year. The table shows the state-wise figures of GST collected in each State during the month of July 2022 as compared to July 2021.

Despite continuing geopolitical concerns, rising interest rates in the US and India and high prices of crude oil and few other commodities, economic activity in India is holding up better than anticipated. Electricity consumption, manufacturing PMI, exports, power supply and other high-frequency indicators indicate that the pace of economic activity has fully recovered from the COVID-19 pandemic shock. Economic growth is anticipated to be fueled by the effective implementation of PLI schemes, development of renewable energy sources while diversifying import dependence on crude oil and bolstering of the banking sector. Recent government initiatives to boost revenue will aid in containing the rise in the current account deficit and ensure that any potential fiscal slippage is adequately contained. India's manufacturing Purchasing Managers' Index (PMI), compiled by S&P Global, came at eight-month high as trends for output and new orders strengthen. The PMI rose to 56.4 in July as compared to 53.9 in June, therefore, remaining well above the 50-level separating growth from contraction for a thirteenth month.

India's FDI inflows have increased 20 times from 2000-01 to 2021-22. According to the Department for Promotion of Industry and Internal Trade (DPIIT), India's cumulative FDI inflow stood at US\$ 847.40 billion between April 2000-March 2022; this was mainly due to the government's efforts to improve the ease of doing business and relax FDI norms. The total FDI inflow into India from January to March 2022 stood at US\$ 22.03 billion, while the FDI equity inflow for the same period was US\$ 15.59 billion.

Industry Structure and developments

Zinc

Zinc is the fourth most widely used metal across the globe. According to International Lead and Zinc Study Group, around 13 million tonnes of Zinc is produced and consumed every year in the world. It is mainly used for galvanizing steel, in alloys, batteries, rubber, paint, and in many other sectors. Because of its resistance to non-acidic atmospheric corrosion, zinc is instrumental in extending the life of buildings, vehicles, ships, steel goods, and structures of every kind.

Zinc prices are likely to rule at multi-year highs in 2022 in view of high energy costs due to the Russia-Ukraine conflict that continues to affect crude oil, natural gas and coal supplies.

Research agency Fitch Solutions Country Risk and Industry Research (FSCRIR), a Fitch Unit, said it had raised the 2022 price forecast to \$3,500 from \$2,900 a tonne.

The metal - used in die-casting alloys, castings, chemicals, medicine, fertilizer, paints, batteries and other products such as brass - has gained nearly 14 per cent since the beginning of the year. Over the past month, it has gained 7.5 per cent, the Tradingeconomics.com website said.

Fitch Solutions said the metal has averaged \$3,688 year-to-date. “At these levels, zinc is close to reaching its all-time high of \$4,442/tonne reached in 2006. Zinc 2022 price forecasts imply that we expect prices to stabilise and weaken from here on in the coming months, despite remaining elevated compared to historical standards,” it said.

Steel

Indian steel demand looks set for another strong year as government plans to upgrade the country’s creaky infrastructure and an easing of prices boost the outlook for consumption.

Domestic steel prices have surged almost 75% over the past two years as the economy rebounded from the depths of the pandemic. That’s increasing the allure of even rusted metal in the country, which is the world’s biggest steel-maker after China.

Soaring Demand

Steel usage in India benefits from government's infrastructure spending

Source: India's Steel Ministry

India’s demand for steel is set to outpace the rest of the world, supported by government capital expenditure that will increase by more than a third in the year through March 2023, with hefty increases for rail and roads, according to Bloomberg Intelligence. Consumption is likely to rise even more as prices cool after the country imposed a tax on steel exports and scrapped import duties on key input materials to tackle surging prices and rein in inflation.

In FY22, crude steel production in India is estimated to increase by 18%, to reach 120 million tonnes, driven by rising demand from customers. The growth in the Indian steel sector has been driven by the domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

In FY22 (until February 2022), exports and imports of finished steel stood at 12.2 MT and 4.3 MT, respectively. In April 2021, India's export rose by 121.6% YoY, compared with 2020. In FY21, India exported 9.49 MT of finished steel.

Opportunities

Demand for steel is expected to grow by around 10% through 2022 amid the government's continued focus on the construction of roads, railways, ports and airports, according to Moody's Investors Service.

Zorba and Zinc aligns with the national policy for encouraging electric vehicles and rail transportation which require low carbon intensity light weighting but high-quality aluminium. Zinc is used as a protective coating on steel, combines with copper to make brass and is in chemical compounds in rubber and paints. But the biggest impact of rising zinc demand may be in the renewables sector. India has set a target of having 175 GW of renewable energy capacity, including 100 GW of solar and 60 GW of wind energy, by 2022.

Batteries need zinc, solar panels need zinc to improve energy flow while wind turbines need zinc for corrosion protection.

Threats

India does not generate adequate feedstock for the recycling industry. To meet the requirement, scrap - which is the feedstock for recyclers - is required to be imported until the domestic supplies scale up. All of our neighbouring countries import scrap at zero duty to fulfil raw material demand and promote recycling.

Segment wise Performance

The Company is engaged Primarily in the business of import of ferrous and non ferrous metal scrap and processing/trading of same on PAN India basis. Accordingly there are no separate reporting segments as per Accounting standard 17- " Segment Reporting"

Outlook

India's new pledges of net-zero emissions by 2070, reducing total projected carbon emissions by 1 billion tonnes and reducing the carbon intensity of the economy to less than 45%. This ambition gives new boost to the recycling industry for material/metal extraction from scrap can make a big contribution. Every tonne of scrap used for steel production avoids the emission of 1.5 tonnes of carbon dioxide, and the consumption of 1.4 tonnes of iron ore, 740 kg of coal and 120 kg of limestone. It is amply clear that the secondary sector has tremendous potential for delivering high quality products at a fraction of the energy requirement and the GHG emissions

Risk and concern

- Lack of sustained implementation of existing regulations on waste collection and recycling.
- Lack of standardization of recycled products adversely affecting market adoption.
- Lack of specific skill sets on responsible methods and technologies.
- caused by the geopolitical turbulence, metal prices are likely to remain somewhat elevated through the current year, amid high volatility.

Internal Control and Risk Management

The Company's internal control environment provide assurance on efficient conduct of operations, security of Assets, prevention and detection of frauds/errors, accuracy and completeness of accounting records, timely preparation of authentic financial information and compliance with applicable laws and regulation. Fully professional and experienced boards as mentioned in the corporate overview section in itself ensures efficient internal control. To ensure efficient internal control system, the Company has a well constituted Audit committee who at its periodical meeting, review the competence of internal control system and Procedures thereby suggesting improvement in the system and process as per the changes of Business dynamics

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NUPUR RECYCLERS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of NUPUR RECYCLERS LIMITED (“the Company”), which comprise the balance sheet as at March 31, 2022, the statement of profit and loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its Profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key Audit matter	How our audit addressed the key audit matter
Revenue Recognition	
<p>As the large portion of the Company revenue is from trading of non-ferrous metal, there are risks related to completeness of revenue, improper sales cut off, timing of recognitions, out of period sales etc.</p>	<ul style="list-style-type: none"> • Cut off procedures performed for year ended 31st March 2022. • Substantive verification of sales transactions. • Analytical review of sales transactions. • Debtors analysis to ensure that all sales reversal are recognized appropriately. • Review that the revenue has been recognized in accordance with the revenue recognition policy of the Company. • Review sales booked by Company for unusual items, if any. • Verification of sales through independent debtor confirmations

Other Information

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor’s report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we will read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) The report of the Internal Auditor for the year were considered by us for statutory audit purposes.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him.
- (xvi) The Company is not required to be registered under section 45-LA of the Reserve Bank of India Act, 1934. Consequently, clause (xvi)(a),(b),(c) of the Order is not applicable to the Company.
- (xvii) The company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
- (xviii) There is resignation of the Statutory Auditor during the year and we have taken into consideration the issues, objections and concerns raised by the outgoing auditor.

- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, the Company has fully spent the amount required to be spend under section 135 of the Company Act, 2013 consequently, clause (xx) of the Order is not applicable to the Company.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF NUPUR RECYCLERS LIMITED

(Referred to in paragraph 2 point (f) under the heading of “ Report on Other Legal and Regulatory Requirements” of our report of even date)

Report on the Internal Financial Controls Over Financial reporting under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of NUPUR RECYCLERS LIMITED (“the Company”) as at March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.1	Basis of Preparation
	The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under section 133 of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention.
2.2	Current versus non-current classification
	The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:
	<ul style="list-style-type: none"> • Expected to be realized or intended to be sold or consumed in normal operating cycle • Held primarily for purpose of trading • Expected to be realized within twelve months after the reporting period, or • cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
	All other assets are classified as non-current.
	A liability is current when:
	<ul style="list-style-type: none"> • It is expected to be settled in normal operating cycle • It is held primarily for purpose of trading • It is due to be settled within twelve months after the reporting period, or • There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
	All other liabilities are classified as non current.
	deferred tax assets and deferred tax liabilities are classified as non- current assets and liabilities.
	The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Notes to Financial Statements for the year ended March 31, 2022
(ALL amounts in Indian Rupees in Lakhs, unless otherwise stated)

2.3	Use of estimates
	The preparation of the financial statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.
2.4	Inventories
	The inventory are valued at lower of cost or net realizable value. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Finished goods include appropriate proportion of overheads
2.5	Cash and cash equivalents
	Cash and cash equivalents in the balance sheet comprise of cash at bank and in hand and short term investments with an original maturity of three months or less. Earmarked balances with bank, margin money or security against borrowings, guarantees and other commitments ,if any shall be treated separately from cash and cash equivalent
2.6	Cash flow statement
	Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.
2.7	Property, plant and equipment
	Property, Plant and equipment including capital work in progress are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price, taxes, duties, freight and other incidental expenses directly attributable and related to acquisition and installation of the concerned assets and are further adjusted by the amount of input tax credit availed wherever applicable. Subsequent costs are included in asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the Company and the cost of item can be measured reliably.

Notes to Financial Statements for the year ended March 31, 2022
(ALL amounts in Indian Rupees in Lakhs, unless otherwise stated)

2.8	'Depreciation and amortisation
	'Depreciation on property, plant and equipment is provided on prorata basis on straight line method using the useful lives of the assets estimated by the management and in the manner prescribed in Schedule II of the Companies Act 2013. The estimated life of various assets is as follows:
	Furniture and Fixture 10 Years
	Plant & Machinery 8 Years
	Office Equipment 5 Years
	Computer and Software 3 Years
2.9	Intangible assets
	Separately acquired intangible assets
	Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangibles, excluding capitalized development cost, are not capitalized and the related expenditure is reflected in statement of Profit and Loss in the period in which the expenditure is incurred. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.
2.10	'Revenue recognition
	Sale of goods
	'Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales exclude GST. The company follows the mercantile system of accounting and recognizes the income and expenditures on accrual basis except in case of significant uncertainties.
2.11	Other income
	Interest income is recognised on time proportion basis. Rental income is recognized on accrual basis
2.12	Foreign currency transactions and translations
	Initial recognition
	Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Notes to Financial Statements for the year ended March 31, 2022
(ALL amounts in Indian Rupees in Lakhs, unless otherwise stated)

	Measurement of foreign currency monetary items at the Balance Sheet date
	Foreign currency monetary items (other than derivative contracts) of the Company outstanding at the Balance Sheet date are restated at the year-end rates.
	Exchange differences arising out of these translations are charged to the Statement of Profit and Loss.
2.13	Investments
	Long-term investments, are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.
2.14	Borrowing costs
	Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets. Borrowing cost attributable to the fixed assets during construction/ exploration, renovation and modernization are capitalized. Such borrowing costs are apportioned on the average balance of capital work in progress for the year. Other borrowing costs are recognized as an expense in the period in which they are incurred.
2.15	Segment reporting
	The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive
2.16	Taxes on income
	Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income that originates in one period and are capable of reversal in one or more subsequent periods

Notes to Financial Statements for the year ended March 31, 2022
(ALL amounts in Indian Rupees in Lakhs, unless otherwise stated)

	<p>Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.</p>
	<p>Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.</p>
2.17	Impairment of assets
	<p>The carrying values of assets / cash generating units are reviewed at each Balance Sheet date for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss.</p>
2.18	Provisions and contingencies
	<p>A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.</p>

Notes to Financial Statements for the year ended March 31, 2022
(ALL amounts in Indian Rupees in Lakhs, unless otherwise stated)

	A contingent liability is disclosed where, as a result of past events, there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
2.19	Leases
a)	Finance lease
i)	Assets taken on finance lease are capitalised at fair value or net present value of the minimum lease payments, whichever is less.
ii)	Lease payments are apportioned between the finance charges and outstanding liability in respect of assets taken on lease.
b)	Operating lease
i)	Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term are classified as operating lease. Lease rent are recognized as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.
2.20	Employee Benefits
(i)	Short-term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee has rendered services
(ii)	For defined-benefit plans, the amount recognised in the Balance Sheet is the present value of the defined-benefit obligation less the fair value of any plan assets and any past service costs not yet recognised. The present value of the defined-benefit obligation is the present value of expected future payments required to settle the obligation resulting from employee service in the current and prior periods. The discount rate used is the market yields on government bonds at the Balance Sheet date with remaining terms to maturity approximating those of the Company's obligations.
(iii)	Actuarial gains and losses in respect of post employment and other long-term benefits are charged to the Statement of Profit and Loss.
2.21	Earning per share
	Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares

32.	Employee benefit plan
(A)	Defined benefit Plan
	The defined benefit plan operated by the Company is as below:
	Retiring gratuity
	The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 to 30 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company does not make any contributions to gratuity funds and the plan is unfunded. The Company accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation.
	The defined benefit plans expose the Company to a number of actuarial risks as below:
(a)	Interest risk: A decrease in the bond interest rate will increase the plan liability.
(b)	Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.
(c)	Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

The following table sets out the amounts recognised in the financial statements in respect of retiring gratuity plan:*
